

Lock in Safety for 2026

Discover NEW Lockout Solutions from ZING

200 Series General Purpose Safety Lockout Padlocks

- Reinforced nylon body withstands -20°F to 180°F
- Key-retaining feature enhances safety
- Chrome-plated steel shackle resists corrosion
- Numbered lock and key for identification
- One key per lock per OSHA guidance

Part #	Description	Quantity
200KD	1.5" Shackle, Keyed Different	Each
200KA	1.5" Shackle, Keyed Alike	Each
210KD	3" Shackle, Keyed Different	Each
210KA	3" Shackle, Keyed Alike	Each
200KAX3	1.5" Shackle, Keyed Alike	Set of 3
200KAX6	1.5" Shackle, Keyed Alike	Set of 6

Colors Available: Red (RD), Blue (BE), Green (GN), Yellow (YW), Black (BK), and Orange (OE) *Sets Not Available in BK or OE

300 Series Super-Duty Safety Lockout Padlocks

- Secure lockout padlock for standard and demanding environments
- Reinforced nylon body withstands -20°F to 350°F
- Sliding keyway cover and shackle inserts help block dust and moisture
- Stainless steel shackle for durability
- Key-retaining brass cylinder enhances safety
- Numbered lock and key for identification
- One key per lock per OSHA guidance

Part #	Description	Quantity
300KD	1.5" Shackle, Keyed Different	Each
300KA	1.5" Shackle, Keyed Alike	Each
310KD	3" Shackle, Keyed Different	Each
310KA	3" Shackle, Keyed Alike	Each
300KAX3	1.5" Shackle, Keyed Alike	Set of 3
300KAX6	1.5" Shackle, Keyed Alike	Set of 6

Colors Available: Red (RD), Blue (BE), Green (GN), Yellow (YW), Black (BK), and Orange (OE) *Sets Not Available in BK or OE

7000 Series Aluminum Safety Lockout Padlocks

- Bright anodized finish improves visibility and fade resistance
- Key-retaining and auto-locking design for added safety
- Coated steel shackle enhances corrosion resistance
- Numbered lock and key for identification
- One key per lock per OSHA guidance

Lightweight aluminum body resists chemicals and corrosion

Part #	Description	Quantity
7095KD	1.5" Shackle, Keyed Different	Each
7095KA	1.5" Shackle, Keyed Alike	Each
7200KD	3" Shackle, Keyed Different	Each
7200KA	3" Shackle, Keyed Alike	Each
7095KAX3	1.5" Shackle, Keyed Alike	Set of 3
7095KAX6	1.5" Shackle, Keyed Alike	Set of 6

Colors Available: Red (RD), Blue (BE), Green (GN), Yellow (YW), Black (BK), and Orange (OE) *Sets Not Available in BK or OE

7900 Series Safety Padlock

- Non-conductive nylon body for electrical safety
- Stainless steel shackle resists corrosion
- High-grade brass core cylinder with key-retaining feature
- Keyed different with numbered lock and key

Part #	Description	Quantity
7900KD-RED	1.5" Shackle Length, Keyed Different	Each

Lockout Safety Tags Made Easy

Lockout Safety Tags By-The-Roll and Dispenser Boxes

- Streamline workplace safety management by combining practicality, durability, and convenience to ensure that your important safety messages are always accessible and visible
- Water-proof tags are tear-resistant making them ideal for both indoor and outdoor use
- Tags use an easy to write on scuff resistant matte surface on both sides
- All tags are printed on both sides with space to sign, date, and add notes
- Tag dimensions are 5.5"H x 3.25"W with a 0.3" hole
- Self-laminating tags have a polyester over-laminate that protects tag messaging

Part #	Description	Quantity
7867	Do Not Operate - No Grommet	100/Roll
7868	Do Not Operate - with Grommet	100/Roll
7869	Do Not Operate - Fan Fold	100/Box
7870	Do Not Operate - No Grommet	50/Box
7871	Do Not Operate - with Grommet	50/Box
7872	Do Not Operate - Self-Laminating, No Grommet	50/Box
7873	Do Not Operate - Self-Laminating, with Grommet	50/Box

Stainless Steel Group Lockout Boxes & Hasps

MAXIMUM STRENGTH

Superior corrosion resistance

Built for the most demanding lockout applications

Stainless Steel Group Lockout Boxes

Part #	Description	Dimensions
7636	13-Lock	7.25"H x 10.75"W x 4.35"D
7640	7-Lock	7.25"H x 5.5"W x 4.35"D

Stainless Steel Safety Lockout Hasps

Part #	Description
7242	Die-Cast Hasp
7660	1" Lockout Hasp
7661	1.5" Lockout Hasp
7601	1" Anti-Pry Hasp
7602	1.5" Anti-Pry Hasp
7664	1" & 1.5" Dual Hasp
7665	2" Hoop Hasp
