Z-FORCE™ by ZING

**Part Number:**
**30-C100**

# Cap Style, Type 1 Non-Vented Hard Hat

## Product Description

- Features a low-profile, modern design that is lightweight and compact
- Dual certified to ANSI/ISEA Z89.1 and CSA Z94.1 for Type I, Class E and G requirements for head protection
- Non-vented design provides maximum electrical protection making it ideal for electrical and utility work
- Made in the USA from high-density polyethylene
- Moisture-wicking, polyester brow pad
- 4-point ratchet suspension allows for smooth, easy adjustability between hat sizes of 6.5" to 8"
- Vertical height adjustment capabilities (2 in front, 2 in rear) allow for a personal secure fit
- Accessory slots accommodate a variety of accessories, such as earmuffs or face protection
- ADD YOUR LOGO – Customizable with up to 4 different locations

4-point ratchet suspension allows for smooth, easy adjustability

## 30-C100 Packaging Details

| | Each | Case |
|---|---|---|
| **Packaged:** | Individually Bagged | 20 Each/Case |
| **Avg. Weight:** | 13.2 oz. | 18.8 lbs. |
| **Dimensions:** | 11.5"L x 8.5"W x 5.75"H | 23"L x 19"W x 16.5"H |

## Care and Maintenance

Clean using mild soap and lukewarm water only, then dry with a soft cloth.
Do not use chemicals or abrasive cleaners. Use of these substances may degrade the shell material and reduce impact resistance and protective performance.
Store in a cool, dry location out of direct sunlight and away from chemicals.
Do not store in vehicles or other environments subject to extreme temperatures.
