Stainless steel construction provides enhanced durability for harsher work environments

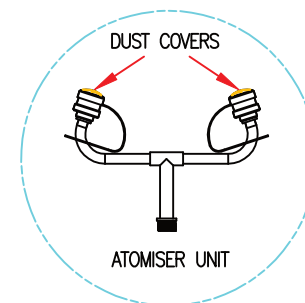

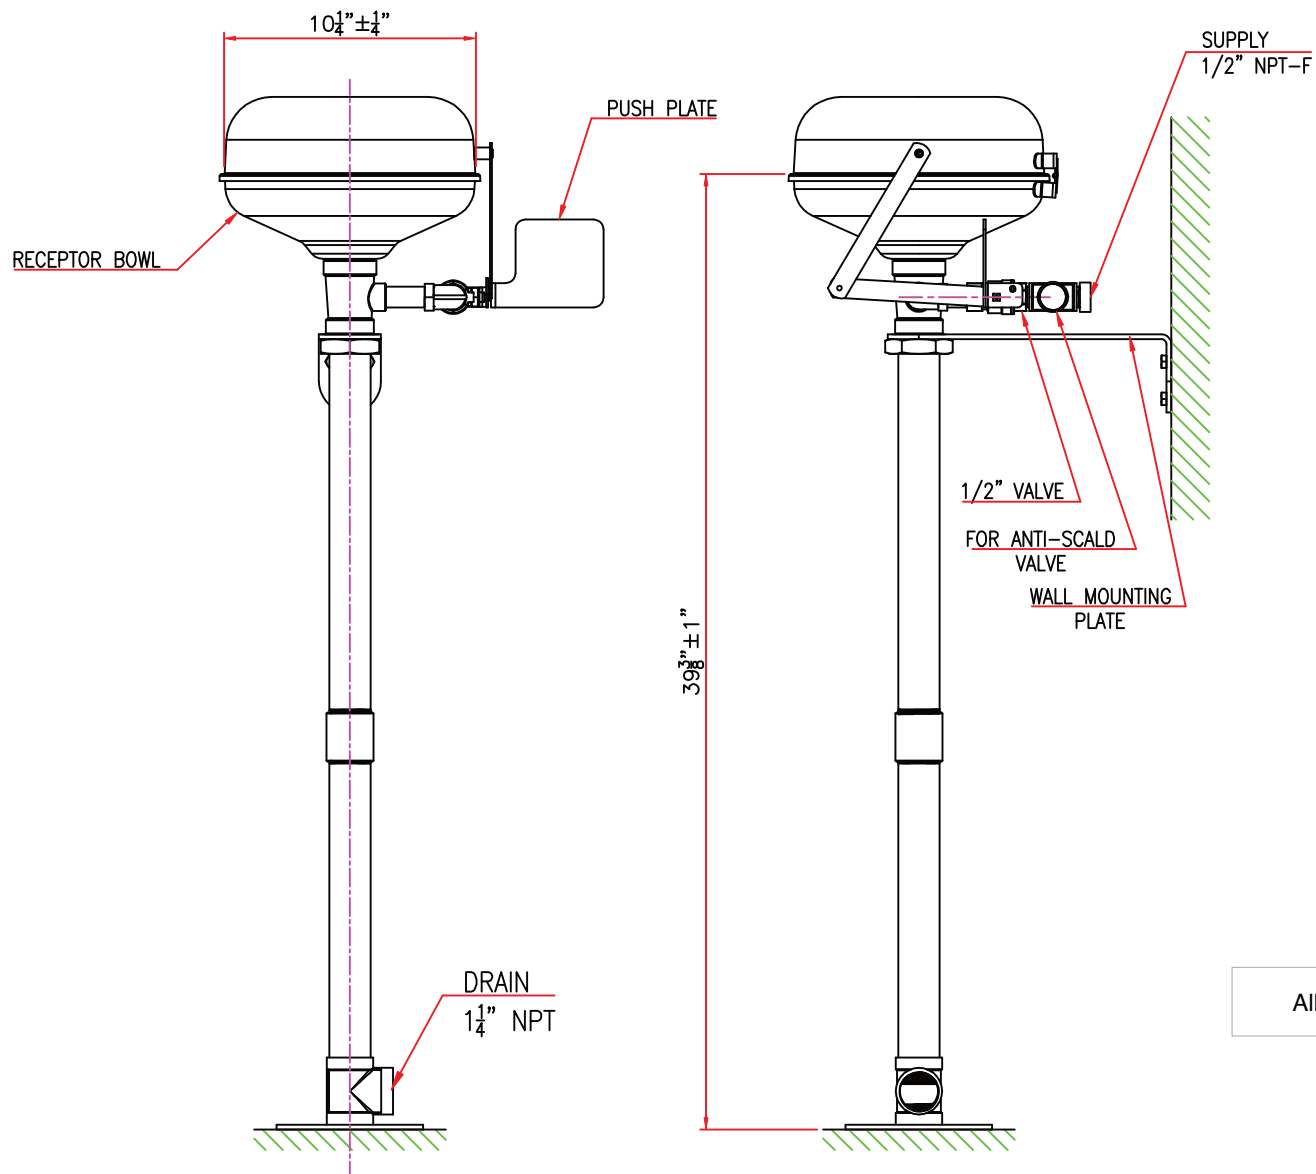

Uni(care)
by ZING

Product Description

- Protective stainless-steel cover helps shield the eyewash from environmental contaminants
- Pedestal-mounted eye/face wash provides quick access for emergency flushing
- Robust floor flange for secure anchoring to the mounting surface
- Push-plate activation with stay-open valve allows hands-free operation once activated
- Dual spray nozzles deliver a soft, aerated flow to the eyes and face
- Built-in pressure compensator, filter, and aerator provide a controlled, consistent water flow
- 100% hydrostatically tested to help ensure reliable, leak-free connections
